

# PAWAN KUMAR

Frontend Developer | Computer Science Engineering

[8227031017](tel:8227031017) | [pawan841509@gmail.com](mailto:pawan841509@gmail.com) | [LinkedIn](#) | [GitHub](#)

## SUMMARY

Frontend Developer skilled in creating responsive, accessible web applications with HTML5, CSS3, JavaScript, and React. Experienced in translating client requirements into functional UI solutions with modern CSS techniques. Proficient in project documentation and collaboration using MS Office suite. Seeking to contribute to dynamic development teams while advancing frontend expertise.

## EDUCATION

- |   |                       |
|---|-----------------------|
| <ul style="list-style-type: none"><li><b>B.Tech (Computer Science &amp; Engineering)</b><br/>Vivekananda Global University, Jaipur (2022 – Present)</li></ul> | <b>CGPA:7.25</b>      |
| <ul style="list-style-type: none"><li><b>Higher Secondary (12th – Science)</b><br/>Kisan Majdur Cum Inter College, Tari, Siwan, Bihar (2018 – 2020)</li></ul> | <b>Percentage:61%</b> |

## EXPERIENCE

### Intern - Linux World Informatics Pvt Ltd (June 2025 – August 2025)

Completed a 2-month internship focused on Full Stack Development.

- Integrated RESTful APIs and deployed basic AI/ML models in full-stack web applications.
- Developed **responsive web pages** using modern frontend techniques.
- Gained exposure to DevOps tools and workflows, enhancing end-to-end project deployment skills.

## SKILLS

### Technical Skills:

- Web development:** HTML, CSS, JavaScript, and React.
- DevOps:** Git, GitHub, Docker (Basics)
- Tools:** VS Code, MS Office, Excel.

### Soft Skills:

- Problem-Solving & Logical Thinking
- Teamwork & Collaboration
- Time Management
- Communication Skills

## PROJECTS

### [Syntax School – Educational Website \(Client Project\)](#)

Developed and deployed a responsive educational platform for coding learners utilizing front-end technologies including HTML5, CSS3, and JavaScript.

- Engineered multi-page website architecture implementing CSS animations and intuitive navigation systems
- Implemented course catalog modules, interactive contact forms, and portfolio presentation interfaces
- Successfully delivered production-ready web application meeting client technical requirements and UI/UX specifications

### [Portfolio Website](#)

Aimed to showcase web and app development skills through personal projects and hackathons. Develop a portfolio and participate in competitions to gain hands-on experience.

- Built a personal website to share study materials, demonstrating full-stack and front-end expertise.

Successfully developed multiple projects, strengthening problem-solving, teamwork, and technical skills.

## LANGUAGES & COMMUNICATION

- Hindi:** Native Proficiency
- English:** Intermediate
